

**COMBAT FIRST AID is down and dirty
first aid that you can use to
stay in the fight or save another's life.**

COMBAT FIRST AID-LAW ENFORCEMENT

COMBAT FIRST AID is designed specifically for Law Enforcement and is pertinent to both Patrol Officers and SWAT members. SWAT teams by design have safety in numbers, the element of surprise, level III body armor and trained medical personnel attached to the team when deployed to a crisis site. Patrol officers are often dispatched alone to calls for service or on-view crimes of violence without the benefit of enhanced body armor, medical assistance, and immediate back up. The transition time from a traumatic incident to a "safe scene," (where EMS can safely operate) is critical to whether necessary lifesaving treatment can be administered. This gap in time is often the deciding factor whether an injured person lives or dies. Proper trauma care administered by a Law Enforcement Officer has proven to save lives and offers a mitigation strategy to a problem that has historically been unaddressed. More importantly, it allows the officer to stay in the fight, perform lifesaving self-treatment, if necessary, instead of laying helplessly, bleeding out, waiting for someone to provide medical care.

The COMBAT FIRST AID class teaches the Patrol Officer to administer lifesaving treatment to themselves, a fellow officer or a citizen that has sustained a life-threatening injury. The class covers the three preventable causes of combat death and the treatment for all three. The training provided by COMBAT FIRST AID is developed from Tactical Combat Causality Care (TCCC) – the most updated curriculum. The TCCC class is specific to trained medical providers, but we have adapted the training, so it is relevant to the Patrol Officer/SWAT Operator and non-medical first responders.

All our hands on scenario training exercises emphasize performing lifesaving skills under stress. Each exercise is based upon real life historical events that police officers have encountered some of which, were captured on body camera.

LEAD INSTRUCTOR-JENN FOREMAN

Commissioned Paramedic 12 years
Paramedic over 20 years

REGISTRATION INFO

AGENCY: Douglas County Sheriff's Office

AGENCY POC: Undersheriff Tyler Caille
(509) 888-6802

LOCATION: Douglas County Transportation
& Land Services Bldg.
140 19th St. NW A
East Wenatchee, WA 98802

TIME: 0800-1800

COST: \$285/person

If you are a member of the Washington County Risk Pool, you may be eligible for a scholarship. Contact your county Risk Manager or visit WCRP's Scholarship page for more information.
