The WCRP Presents:

Supervisor Boot Camp

This six-hour program will be delivered virtually over two-days.

May 19 & 20, 2021 | 9:30am-12:30pm both days

August 4 & 5, 2021 | 9:30am-12:30pm both days

Instructed by Janelle Tarasewicz, Principal Consultant, Aperture EQ

Despite our organization's best intention, we often find ourselves in a position where we've promoted a promising new leader, but don't have the time or resources to provide them the necessary supervisor training. They are fantastic at their jobs (hence the well-deserved promotion). However, this doesn't always translate into providing the tools needed to tackle their new assignment - managing their team. This training will cover a wide variety of topics for supervisors, with the ultimate goal of equipping them with the necessary tools to be successful in their role.

Learning Objectives:

- Communication techniques, including active listening skills and tools to help you modify your communication style based on the audience and the situation.
- The basics of communication, respect, and trust in the workplace.
- How to approach common issues that new supervisors face – such as being promoted from within, "inheriting" a problem from a previous supervisor, and how to avoid being viewed as a micromanager.
- Setting expectations for your team and how to reinforce those expectations if staff are not achieving them.
- The difference between feedback, coaching, and counseling - the various techniques for each of these tools and in what context to apply them.
- Having a difficult conversation with your employee, and what you should document after the fact.
- Overview of the performance evaluation process and how to provide necessary feedback to your team.
